

Create an outfit for France

France and Marianne live at Windsor Castle. They were a gift to Princesses Elizabeth and Margaret Rose from the children of France in 1938. They have 360 items of clothing and a toy car each. Now you have a chance to put together an outfit from their trousseau (their collection of clothing and accessories).

France and Marianne look alike, but France has blonde hair and Marianne has dark brown hair.

What to do next:

1. Colour in the clothing and accessories.
2. Cut out the doll and the clothing and accessories.
Make sure not to cut off the tabs!
3. Fold the tabs back around the doll to hold the item in place.
4. If you want to stand your doll up, cut out the foot stands and cut an opening along the dotted lines.
Then fit them together to form a cross.
5. Stand up the finished doll.
